

NEW ARRIVAL

Flexi-Kiosk

S T A Y T U N E D

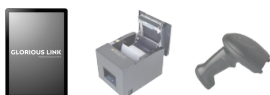

Easy Installation

Simple design for quick placement on counters or fixed surfaces, minimizing setup time.

Lightweight Design

Lightweight structure reduces shipping costs and eases multi-location deployment.

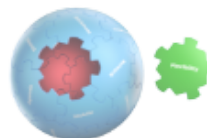

Diverse Support

Supports various screen options and peripherals like printers, 2D scanners, and payment brackets, enhancing functionality.

Flexible Configuration

Modular design allows customization of peripherals to meet business needs.

Adjustable Stand

Sturdy, adjustable metal stand ensures stability and flexibility for various setups and user heights.

Versatile Applications

Suitable for retail, dining, healthcare, and transportation, enabling self-checkout, ordering, registration, and ticketing.
